

We hope this letter finds you well. After many years of dedicated service to the Sarasota, Bradenton, Venice, and Port Charlotte communities, we at The Gulf Coast Glaucoma Clinic will be closing our practice. The last day we will be seeing patients will be on Friday November 1st, 2024. It has been our great honor and privilege to care for your eye health. Dr. Hurvitz, Dr. Wahl, and Dr. Oppenheim are humbled and want to sincerely thank you for placing your trust in us over the years.

Dr. Lawrence Hurvitz & Dr. Stephen Wahl

As we step away from practicing medicine, we want to ensure that your eye care remains in excellent hands. We are pleased to introduce you to Dr. Robert Friedman and Dr. Taylor Davis, both of whom are Fellowship-Trained Glaucoma Specialists and Laser-Assisted Cataract Surgeons with The Eye Associates. They bring a wealth of experience, expertise, and compassion to their practice, and we have every confidence that you will receive the highest level of care under their guidance.

Dr. Friedman and Dr. Davis are available to see you at four convenient locations: Ellenton, Sarasota, Bradenton, and Venice. The Eye Associates is a trusted practice with seven locations in the area, equipped with the most advanced technology to ensure your vision remains our top priority.

The Eye Associates will be handling the transfer of your medical records to ensure a seamless transition. Additionally, someone from The Eye Associate's office will be reaching out to you to reschedule any appointments you may have in the future scheduled past our November 1st closing. You are also welcome to contact The Eye Associates at 941-367-5491 or visit their website at www.theeyeassociates.com.

Thank you again for your trust and support. We are confident that you will continue to receive exceptional care from Dr. Friedman, Dr. Davis, and the entire team at The Eye Associates.

Warm regards,

Dr. Lawrence Hurvitz & Dr. Stephen Wahl
